

## 2005 High Sands Grenache McLaren Vale

“At the ripe age of 34, Peter Fraser has made wine in Spain, France, the United States, and Australia. His current project happens to be in this latter country, where he has been making wine for Yangarra since the inaugural harvest in 2000. At Yangarra, he focuses on Rhône varietals, which seem to thrive in this cooler part of McLaren Vale—and which already have made the young winery an icon in the region. **The Yangarra Estate Vineyard 2005 High Sands Grenache, McLaren Vale** ([www.yangarra.com](http://www.yangarra.com), \$80) is an extraordinary wine. Silky and rich with racy, jammy, spicy blackberry and blueberry fruit, it delivers pure, intense acidity and elegant flavors.”
